TWENTY SEVENTH YEAR.

LANCASTER, KY., THURSDAY AFTERNOON, FEBRUARY 1, 1917.

NUMBER 44.

Look at the label on your paper, and if you owe THE RECORD anything send in the money. The high cost of paper together with the "not-pay-system" of some of our subscribers makes it very unpleasant when the time comes to make out our payroll. We trust that a hint to the wise will be sufficient.

Dear Sir:

The Mold Board is corrugated on the back side giving it additional strength and service, and it requires 40 pounds more to break it on a testing machine than an ordinary one.

The curve or design of a moldboard is such that it gives a light draft, and leaves the soil in right shape for future cultivation.

What Our Ads Tell You

The goods in the store back up.

It isn't that way everywhere is it?

Generally what is printed is better than what the store sells.

But we are particular in this regard. Particular to have SUCH eatables that exaggeration is quite unnecessary.

So when you read a statement about what this store sells, you don't have to discount it to get at the truth. Just take what we say at its face value, and you will find no cause for dissatisfaction.

Paper Prices Peril Business!

In all 25,000 national guardsmen have been ordered returned from border duty.

Kentucky long ago took from Virginia the supremacy of tobacco and is certainly holding it.

Germany is not unfriendly to Wilson's peace plans, but German editors believe proposition impractical.

The Loyal Legion will meet at the Union room Saturday at 2:30. All of the members are urged to come and bring a new member with them.

Harry Shaw's mother is being called the "American Woman of Sorrows". She is a typical mother, showing the depth of a mother's love, devotion and sacrifice.

If anyone can locate the man who wrote "The Beautiful Snow" for us, we would like to stand him on his head in the snowbank in front of McRoberts' Drug Store.

My dear friends, one and all, We expect from you an early call; That single "dollar" looks mighty tame But it makes The Record move on the same.

Drastic regulations designed to relieve the shortage in coal cars and help bring about a lowering of present high prices of coal was prescribed by the Interstate Commerce Commission at Washington.

February is with us but being a short month we feel that Spring is not far distant. Even if the month is short, it gives us Washington and Lincoln's birthday and Valentine day, what more could we ask for with January in the back ground.

We agree with Luke McLuke when he says:

"We always expected great things from this country, but we never expected to see the day when it costs as much to buy an egg as it does to buy the hen that laid the egg."

An informal conference of 100 or more newspaper publishers with several manufacturers of news print paper was held last week in Chicago. The publishers agreed that the present high price of paper has placed the newspaper publishing business in a position as hazardous and menacing that a remedy must be found without delay.

Secretary of Agriculture Houston has announced that Kentucky's share of the \$10,000,000 appropriated by the federal government to aid the states in the construction of rural post roads during the fiscal year ending June 30th, 1918, will be \$191,943.82. Indiana will receive \$271,495.24; Tennessee, \$228,306.96; Ohio \$373,810.84, and West Virginia, \$106,640.92.

The old pew in which Abraham Lincoln worshipped on November 19, 1863, in the historic Presbyterian Church at Gettysburg, stands undisturbed today, while all about it workmen are tearing out the interior to make way for new furniture and trappings. During the battle the church was used as a hospital. There are many bloodstains on the woodwork. These are to be removed. The church is 176 years old.

CONGRATULATIONS.

There is not now, and has not been, since last Saturday, a prisoner in the Boyle County jail. This we admit, is unusual. Has possibly been many years since we could make the above statement. This certainly a pleasing record, though somewhat trying on Jailer Timoney. Danville Messenger.

\$400 AN ACRE.

A yield of over 3000 pounds of tobacco from 2 acres of land, that sold in Lexington last Monday at over \$800, net, is a record made by Frank Land and Son, that will be hard to beat. Mr. Land says he has two more acres yet unsold, that he thinks will make a new record.

LAMBS WILL BE HIGH.

Speckleds are already in the field for spring lambs, which have begun to appear in Garrard county and other localities. Some bids have been made for \$10 per hundred pounds, for lambs to be delivered in June, July and August, but the farmers are a little slow to sell at the price, believing from present indications, they will be worth much more than the price quoted.

DELIGHTFUL MUSIC RECITAL

The pupils of Mrs. May Hughes Noland delighted their parents and friends last Thursday evening with a splendid musical program, painstakingly rendered. The pupils demonstrated Mrs. Noland's ability as an instructor and also showed diligent work on their part. Lancaster is a music loving place and is to be congratulated upon having Mrs. Noland instruct the future musicians of the town.

NARROW ESCAPE

When Auto Skids Into Pole

While driving at a moderate rate of speed, the handsome new car owned and driven by Dr. M. S. Hatfield, became unmanageable and skidded into a telephone pole, while on his way to Richmond last Sunday afternoon resulting in serious damage to the car and painful injuries to Mrs. Hatfield. For a while it was feared that Mrs. Hatfield was dangerously injured, but proved later to be only a bad scalp wound, caused by the blow of the car striking the side of her head. In the car beside Dr. and Mrs. Hatfield, were their little boy, and Mr. and Mrs. J. E. Seale and baby, none of whom were seriously hurt.

TRAIN CRASHES INTO AUTO

His sister, Mrs. Lula Johnson, of this city received a message Tuesday, announcing that Mr. Tom Arnold had been killed at a railroad crossing near Deland Fla., yesterday morning. A later message stated that interment would take place in Deland.

He is survived by three brothers, John and William of Richmond, and Robert, of Paint Lick, and three sisters, Mrs. A. B. Eakin, of Louisville, Mrs. J. P. NICE PROMOTION

FOR HORACE WALKER.

Mr. Horace L. Walker, one of the brightest young attorneys now practicing at the Louisville bar, formerly of this place and youngest brother of Judge L. L. Walker and G. C. Walker, of this city, has just been appointed assistant to the Chief Attorney of the Southern Railway, with headquarters at Washington City. It is a great satisfaction to his friends here to learn of Mr. Walker's handsome promotion, which they all feel is worthily bestowed and that he will make good in his new field of labors, which will begin March 1st.

PHYSICIANS IN SESSION IN DANVILLE.

On Thursday night, January 25th, the Central Kentucky Medical Association met at the Elks Club in Danville, in regular quarterly session and an enthusiastic and profitable time was spent in discussing a splendid dinner and medical papers.

Annual election of officers was held, the following being elected for the ensuing year; President, Mr. Virgil Kincaid, Lancaster; Secretary, Dr. J. Tom Price, Harrodsburg.

Lancaster feels justly proud of her youngest physician having this honor conferred upon him and we not only congratulate him, but the Medical Association upon their selection.

INTERESTING AND INSTRUCTIVE SERVICE.

The Christian Endeavorers will have charge of the services at the Christian Church next Sunday evening, the service beginning at seven-thirty o'clock. The first Sunday in every February is known as Christian Endeavor day and from the program outlined it will be very interesting, as well as instructive to those who attend. The society is educating a young Japanese girl and for the occasion Sunday evening they have secured the young Japanese student, of Lexington, S. Iemamura, who will appear in his native costume and give a lecture, which has been so much complimented by the press throughout the state where he has been. We predict a crowded house for this delightful occasion.

KENTUCKY MASONS WILL CELEBRATE.

Kentucky Masons will observe the two-hundredth anniversary of the order as an organized institution with an old-fashioned barbecue at Crab Orchard Springs Saturday, June 23. It is expected that more than 5,000 Masons from various points in the State will make the trip to the point of celebration. Henry Pirtle, of Louisville, chairman of the committee, who offered the resolution at the Grand Lodge meeting last October, provided for a fitting observance of the anniversary, provided at a committee meeting in Louisville Wednesday night.

June 24 is the official birthday of organized masonry, but inasmuch as that date falls on Sunday this year it was decided to hold the barbecue on Saturday the 23rd. Hurgoo and all that is suggestive of a Kentucky homecoming will have a part in the celebration.

Quick Cold Relief

is usually found through the prompt administration of a mildly laxative, dispersive tonic—one that will scatter the inflammation, remove the waste, and help Nature to build up resistance.

Peruna is That Tonic.

Its action is prompt, usually very effective, and it is without harmful effects. Every household should keep it at hand for this purpose, and every catarrhal sufferer should regularly use this reliable remedy.

The tablet form will be found very convenient. A tablet or two at the very beginning of a cold will frequently prevent its development, and these tablets may be taken regularly with beneficial results.

MRS. SALLIE B. WELCH

Succumbs To Fatal Burns At Her Home in Bryansville.

One of the saddest deaths that has ever occurred in this community was that of Mrs. Sallie B. Welch, Thursday, Jan. 25th. About eleven thirty o'clock Thursday morning, Mrs. Welch who was alone in a room in her home, caught her clothing on fire. Just how it happened is not known but her screams immediately brought her grand daughter, Miss Mary Ellen Farley to the scene who tried to extinguish the fire, and called for assistance. Several of the neighbors heard her calls for help but by the time they arrived Mrs. Welch was a mass of flames and the physicians said she could not possibly live but a short time, however, she lingered until 9:30 o'clock that night.

Mrs. Welch was 75 years of age and had lived her entire life in this community and was well known and popular. She was well liked by every one who knew her. She was the widow of Chas. Welch who died a number of years ago. At an early age she joined the Methodist church at Mt. Olivet where she has been a member ever since and lived a consistent Christian life. She will be greatly missed and her sudden death will cast a shadow over this vicinity for an indefinite time, and a gloom which will be most difficult to dispel. The home circle is broken. No more will she answer to the call of the loved ones but the Lord giveth and the Lord taketh away and He doeth all things well. The Lord knew best, the call came and she has gone to answer the summons. Mrs. Welch is survived by two daughters, Mrs. John Bryant and Mrs. Sam Deatherage of Richmond and by nine grand-children, Mrs. Everette Lawson of Ravenwood Mo., Mr. Welch Farley of Lexington, Mr. Sam Farley of Jessamine, Miss Mary Ellen Farley, Miss Elizabeth Bryant and Mr. Joe Bryant, Mr. Emory Deatherage of Middletown Ohio and Misses Valinda and Martha Deatherage of Richmond, and a host of relatives and friends. The funeral services were conducted at the residence Saturday morning at 10 o'clock, by her former pastor, Rev. A. P. Jones of Wilmore, who paid a loving tribute to her memory. He was assisted by Rev. R. M. Lee. The remains were laid to rest in the Danville cemetery. The bereaved ones have the sympathy of every one in their loss but the "Almighty Father" who knows best, has promised if we are "faithful until death" that all shall be united in that beautiful home of the soul.

Bethlehem's Bid on Shells for the United States Navy

To the American People: The Secretary of the Navy has awarded contracts amounting to over \$3,000,000 to a British bidder for 14 and 16 inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 1,200 14-inch shells at a price of \$1,545,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders \$522,381, and we have not received a SINGLE DOLLAR on these contracts.

In addition a literal interpretation of the contract might make us liable for penalties amounting to \$675,016.

In the light of our experience, and having no other basis, we bid for 16 inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14 inch shell contract one year ago.

MR. FARMER

You are recognized the world over as the man of sane judgment and you would not have this opinion any less for half your farm.

You have been successful and you can improve your earnings and your farm by using high grade FIELD SEEDS.

When you plant a seed that is dead you have lost. You paid nearly the same price for the untested seed that you would have to pay for a good seed. You used the same amount of labor to plant the bad seed as you would have used for a good seed. You went through all the motions of going over the same ground to gather your harvest that you would have gone had every seed made a plant, you had the same amount of money invested in the land and paid the same taxes with a short harvest you would pay had the harvest been good, thus you can not fail to see wherein you fail to get the profits due you.

Your mistake is in selection of your Seed.

Do Not order seed without seeing them. What assurance have you that they will be anything like represented.

Our stock of field seeds will be the best the market affords and have been selected at our expense. You can see them and will be pleased with them.

Allow us the privilege of making you an estimate.

The Highest Record For Any Year In Any Warehouse To-Date.

Ever since early Fall we have been telling the farmer not to sell to speculators but bring his tobacco to the open market and sell where he would get the most money. The wisdom of this advice has been demonstrated ever since the market opened and yesterday we smashed all records. We do not speculate on the tobacco of our customers as every pound in our house belongs to the planters. Some of the prices realized on last sale, January 26th.

THE COUNTRY EDITOR.

He might have been a millionaire,
And won financial fame,
Or sat in a directors chair.
Had money been his aim
He chose instead to spend his years
In service poorly paid,
And with the paste pot and the shears
A humble living made.
He chronicled the town's events;
The local goings-on;
His fellow townsmen's hopes and bent
Inspired his lexicon;
He felt the public pulse that beat
Around him and he tried
To make his little country sheet
A thing of local pride.
Unselfishly, with all his heart,
He strove but to uplift.
His town of which he was a part,
With great ambition filled.
He spoke well of his fellow-men;
He praised when praise was due
He wielded but a kindly pen,
And no reward he drew.

RENEWING SUBSCRIPTIONS.

We are constantly receiving renewal subscriptions from those citizens of Garrard county who have moved away and sought fortunes in other States. It goes to them as a letter from home, making glad their hearts and carrying them back in memory to the scenes of their childhood and to the happy associations of those days which are gone but not forgotten.

We can't understand how any man or woman, boy or girl, who has taken up his abode in some distant State or even in some other location within the State, does not take his home paper and thus keep in touch with the many changes that are constantly being wrought as the years come and go.
These are our most appreciated subscribers, for every letter that brings us a dollar says "I cannot do without 'The Record'". We thank them one and all for the many nice things they say to us and it is an incentive to make the paper better each week and give them all the news. We hope soon to print an honor roll.

KENTUCKY GOOD

ROADS MAN

Is Gratified At Progress Made In Road Building In Texas.

James Maret of Mt. Vernon, Ky., president of the Boone Way Association of his native State, is in San Antonio, Mr. Maret is making a tour through Texas studying the construction methods of our public highways. He expressed himself as deeply gratified with the progress in good-road building made by Texas, which he says compares favorably with road construction of other Southern States through which he has traveled.

Texas rates high among the States in the matter of good roads", said Mr. Maret, "and she has cause to be proud of her progress in this line."

"Many years ago Kentucky was noted for her good roads, but those in charge of her highways, through neglect allowed her to fall behind until she now occupies fourteenth place on the list of States."

"During the past two years, however, good progress has been made toward lifting my State out of its unenviable place. We have built many good highways, and we have others under construction. One of the most important of these, is a road known as the Boone Way, which extends for more than a thousand miles and runs from Kenton Ohio, through Louisville, Ky., to Lexington and Boone Park, the old home of Daniel Boone, in North Carolina. County engineer Bennett will take Mr. Maret over the Bexar county highways."

While here Mr. Maret is visiting his brother, S. G. Maret, at 108 Tolle Place. — San Antonio (Texas) Express.

LONG DRAWN FUNERAL

Negro Preacher's Body Lay In State For Three Days.

The greatest "to do" over a corpse ever known in this part of the country occurred here last week, when the colored Baptist minister, Will Dirks died. Dirks died last Sunday, and on Saturday before he died he asked that his body "lie in state" in the colored Baptist church three whole days and nights before burial. His family and the church members carried out his instructions. Funeral services were held from 11 o'clock a. m. to 7 o'clock in the evening, being a continuous service. There were in attendance about fifteen preachers from neighboring towns and about fifty out-of-town colored folk. The church was crowded to its limit and hundreds of negroes stood on the outside. All the negroes from the hills and bottoms attended as well as the negroes here. Dirks was about seventy years old. Hickman News.

DOING WELL IN BLUE GRASS.

It seems to be easy with our Pulaski boys to acclimate anywhere they go, and the large majority of them achieve success. One of our good friends, formerly John Edwards, teacher of Pulaski county, but now Dr. J. E. Edwards, Physician and Surgeon, and located in the heart of the Blue-Grass, renews his subscription this week, and writes us a very complimentary letter. His address is Lancaster, Kentucky, and he is making a success of his profession. Dr. Edwards for several years was one of our best teachers, and he completed his medical education under many difficulties. He is very popular with the people of Garrard county, and is taking a front rank, not only as a physician, but as a citizen. We are sorry to lose these substantial and promising young men, but are always glad to note their success. Dr. Edwards retains a warm place in his heart for Pulaski county, and particularly the Woodstock community, and still keeps in close touch with events here in his "Old Home County."—Somerset News.

FARMS SELL.

The farm of Mrs. Pattie Hayden, advertised for sale in the Record for several weeks past, was sold Monday to Mr. S. L. Gibbs. The farm contained about 150 acres. The price was private. Mr. Jonah Marsee sold his place near the river on Stanford pike, for \$3,000, also the Dave Embury place nearer Stanford for \$800 to W. A. Cooper, of Jessamine, possession to be given Feb. 1st. Mr. Marsee bought a farm of Mr. Cooper, between Harrodsburg and Danville, price not given.

STILL A GENTLEMAN.

We know there is a strong attachment between a dog and its owner, and we are reminded of the words of Aristotle, who said: "The more I see of men the more I like my dog." The Rev. Sam Jones once said: "The man who has a dog always has one true friend to greet him on his return home." And the immortal Luke McLuke says: "A man may be down and out; his clothing may be shiny and worn at the elbows. But if he has a kindly word and smile for a little child and a friendly pat for a dog, he is still a high-toned gentleman." And so he is.—Richmond Clinician.

SORRY TO LOSE HIM.

The Record office has sustained quite a loss in the departure of Mr. Terry Burnside who left us to accept a position at Harlan Ky. "Jack" is a conscientious worker, and a perfect gentleman, in all that word implies, and while we regret to give him up we know our loss is his employer's gain. The best wishes of the entire office goes with him.

We have with us Master Richard Hoyle who takes to the "case" like a duck to water and will make us splendid help with a few more years of experience, as he is bright and energetic.

TOO GOOD TO BE TRUE.

Have you ever wondered what the result would be if the people of this town thought and said nothing but good of each other for thirty or sixty days? Think! It would work a revolution in both mind and body. People who are constantly nagging would have lost the habit. The best that is in each one would have unconsciously forced its way to the fore and nobility of character would have made rapid strides toward supplanting the ignoble and vicious in man and woman-kind. Our town might not be a Garden of Eden, but it would come nearer to it than any spot on earth. And it wouldn't cost us a penny.—Exchange.

GRATEFUL TO THE CRAFT.

In speaking of the State Fair secretary, Shelton Snuffley, of the Interior Journal, makes use of the following kind words: "Many friends here were disappointed when popular Bob Elkin, of the Lancaster Record, did not land the place. It looked like it might have been a good move to have picked a newspaperman of statewide acquaintance like Bob Elkin for such a responsible position, rather than a man who is practically unknown out in the country districts. The Blue Grass fair at Lexington made a ten strike when it named Denny B. Goode as Secretary. There isn't a country newspaper man in the state but would work his head off to help Denny make a success of his Lexington fair and the same would have been true had Bob Elkin been placed at the head of the State Fair."

We are deeply grateful to him and many newspaper men through out the state, for their kind interest and in thanking them we ask that they remember, it is still OUR State fair and they should join with us, in putting our shoulders to the wheel and making it the best fair in all the states.

TODD.

William Letcher Todd died at his home near Paint Lick, Thursday, Jan. 25th, in his eighty-first year. Perhaps no man who ever lived in this section of the county had more influence upon the life of the community than he. Many a person not so fortunate in this world's accumulations as he, remembers him because of his material assistance. He lived his long life in three counties, Rockcastle, Madison and Garrard. For the past thirty-four years he has lived and wrought in Garrard county. He is survived by a widow, who has been his faithful companion for more than fifty-five years, and six sons and four daughters. Three of the sons were summoned from distant states, and were at his bedside when the end came. The ten children are, John A. Todd, of Afton Okla., Wm. A. Todd of Prairie, Miss., Edw. N. Todd, Fort Morgan, Ala., Jas. A. Todd, Geo. H. Todd, Thos. J. Todd, Mrs. A. F. Caldwell, Mrs. Robt. Botkin, Mrs. W. D. Rogers and Miss Mary Todd, of Paint Lick. Two sisters survive, Mrs. W. C. Fish and Mrs. W. P. Anderson, both of Madison county.

The funeral was preached to a large audience by his pastor, Rev. C. S. Ellis, at Mt. Tabor Baptist church where deceased had long been an influential member. The burial took place in the Old Paint Lick cemetery.

BEATS HIS ALARM CLOCK TO IT NOW

Pressman Jumps Out of Bed With Old Time Vigor.

TANLAC GAVE HIM NEW ENERGY

When the alarm clock rang this morning did you bound out of bed, eat a good breakfast and leave "it" and ready for your work?

Not if you felt like Edward E. Schwandt, pressman, 3200 Tampa ave.

EDWARD E. SCHWANDT.

nie, Cleveland, used to feel. Here is the story in his own words:

"The last year was a trying one for me. My health had been steadily on the down grade. Often it would be 1 or 2 o'clock before I could go to sleep. I got up in the morning almost as tired as when I went to bed."

"During the day my stomach bothered me. After eating I had a heavy bloated feeling. I was tired all the time and didn't have any ambition. My nerves were upset. My body ached. At times my feet were so sore I could hardly hear my weight upon them."

"I couldn't get relief. Finally I tried Tanlac and right then and there I began to get better. My worries are all over now. I go to bed and never wake up until morning. My aches have left me. I have a splendid appetite and am able to satisfy it, too,—no food disagrees with my stomach."

"I am glad to say a good word for Tanlac and honestly believe that it will do for other people what it has done for me."

THE BEST TEST IS THE TEST OF TIME.

Years ago this Lancaster resident
told of good results from using Doan's
Kidney Pills. Now Mrs. C. T. Brum-
mett, of Crab Orchard St., confirms the
former statement, says there has been
no return of the trouble. Can Lanca-
ster people ask for more convincing
testimony?

Mrs. Brummett, says: "My kidneys
were out of order and I had pains thro-
ugh my back. At times I was nervous.
Doan's Kidney Pills made me feel much
better and stronger in every way."
(Statement given February 6, 1912)

LASTING BENEFIT.
On November 17, 1916, Mrs. Brum-
mett said: "I have had no return of kid-
ney trouble since Doan's Kidney Pills
cured me. I know they are a good reme-
dy and I often recommend them to
others."

News Of The Churches.

Rev. D. M. Walker, who has many
friends in Lancaster, having been pastor
of christian church in Stanford 10 years
has accepted a call to the pastorate of
Christian church at Shelbyville. The
Interior Journal in speaking of him
says:

"He is a hard student, a fluent
speaker, a magnificent singer, and of
remarkable energy and courage in
standing up and fighting boldly for what
he believes to be the right. His leav-
ing Stanford will be sincerely regret-
ted by a host of loyal friends.
He goes to a much larger field how-
ever, to a more prosperous church, and
at a much larger salary. It is under-
stood, and his friends predict for him a
still more brilliant future in the larger
vineyard of the Master into which he
will soon enter."

DOWN WHERE THE SOUTH BEGINS.

"Down where the hands clasp a little stronger;

Down where the smile dwells a little longer—

That's where the South begins."

"Down where the skies are a trifle bluer;

Down where the friendship's a little truer;

Down where everything is newer,

That's where the South begins.

"Where there's more of singing and less of sighing;

Where there's more of giving and less of buying;

And a man makes friends without half trying

That's where the South begins;

Yes, Gentlemen-All, Clean—CLEAN CLEAR Through!
